

the Buckskin

Commissioned in 1996 and completed in 1998, "the Buckskin" was unveiled at the 1998 IBHA World Championship Show. The painting depicts 19 horses. The buckskin stallion and his band of 9 mares and 9 foals reveal the various shades of the buckskin, dun, red dun and grulla horses accepted for IBHA registration. The limited edition of 100 artist Remarque's were sold at the unveiling of the painting and are now only available from private individuals. There are some of the 400 numbered and autographed prints (22"X28") available from IBHA (see form below) and from the AQHA Heritage Center and Museum in Amarillo. The original painting can be viewed at the AQHA Heritage Center where it will be on display until 2005.
