Troubleshooting:

If you receive an error that the coupon cannot be applied, click on View Tests/Results in the top menu. Make sure that the Selected Tests are **“Full Coat/Pattern Panel, Mushroom”**.

Click on the name or the sample id for the horse. This will open the order form again. Ensure that all three checkboxes are selected at the bottom of the form, and Save. Go back to the checkout page using the Cart icon at the top of the page and try to apply the coupon again.

Step 11: Follow instructions to print off form and send in your sample. As soon as testing is completed for your animal, results will be sent to the email on file for your account. After completion of the study, the compiled results will be summarized and shared with the IBHA.
